

## Anadarko Petroleum Corporation

*Anadarko Petroleum Corporation is among the world's largest independent oil and natural gas exploration and production companies with activities in 15 countries. Anadarko employs 5,700 men and women around the world who share a set of core values that includes integrity and trust, servant leadership, commercial focus and open communication. With premier positions in some of North America's most prolific, long-lived resource basins, Anadarko is one of the most prominent oil and natural gas producers in the onshore U.S.*

### Judge's Comments:

“ Transformation of Carthage field from vertical to horizontal play is remarkable. Location and commercialisation of “liquid rich” Haynesville was an enviable accomplishment.

“ Organized and focused. Helping build a future generation of pro oil & gas. Empowering employees to make a difference.

The company has been recognized as an industry pioneer in the exploration and development of deepwater oil and natural gas resources in the Gulf of Mexico and high-potential basins worldwide.

In southwest Texas, Anadarko is among the largest producers in the Eagleford Shale. Since beginning operations in 2009, the company and its partners have made significant investments in the region where it produces light oil

and natural gas liquids. Anadarko is committed to producing energy in a manner that protects Texas' natural resources, and is committed to the shared prosperity of the communities around us. As such, Anadarko's Eagleford asset team has actively partnered with area schools to nurture science, technology, engineering and math education, and also promote health and safety to area youth.
