

OKLAHOMA CITY

• MIDCONTINENT • INDUSTRY SUMMIT

10.29.14

8.00 a.m. – 8.50 a.m.	Registration and Coffee
8.50 a.m. - 9.00 a.m.	Oil & Gas Awards Welcome: Marc Bridgen, Chief Marketing Officer, Oil & Gas Awards
9.00 a.m. - 9.20 a.m.	Keynote Address: TBC Attorney General Scott Pruitt
9.20 a.m. - 10.00 a.m.	Panel Discussion: Assessing the importance of the Oil and Gas Industry to the Midcontinent: Identifying trends for growth, increased profit and the benefits to local communities. <ul style="list-style-type: none"> • Discussing the current challenges faced in states where traditionally supportive legislatures are overseeing changes that could increase the challenge to achieve commercially viable operations. • Analyzing the significant financial benefits brought in tax to the midcontinent states by oil and gas operations. • Debating the steps which need to be taken in order to properly establish the value of the industry to its host states. • Discussing the latest growth areas in the Midcontinent such as the Mississippi Lime and the work being done by E&P and Midstream companies to capitalize on them. • Forecasting the growth of the industry over the next ten years and the steps that need to be taken to support this growth. Moderator: Carolyn Davis, Senior Editor, Natural Gas Intelligence John Poarch, VP Commercial & Business Development, Access Midstream Jim Leathers, Director Gas Supply, Superior Pipeline Company
10.00 a.m. - 10.40 a.m.	Panel Discussion: Water, Air and Land Management – Assessing the training and equipment required to ensure regulatory compliance and the limitation of negative impact. <ul style="list-style-type: none"> • Assessing the importance of a positive relationship between E&Ps and environmental regulatory bodies such as the EPA and the DEQ (Oklahoma Department of Environmental Quality). • Detailing the current challenge faced by the industry to meet the latest air, water and soil quality regulations. • Assessing the challenge faced by E&Ps to effectively source, use, recycle and dispose water as part of the production process. • Pinpointing the most exciting technical developments that E&P companies should be looking to introduce in the short to medium term to achieve improved environmental management. • Considering the extent to which regulatory and environmental compliance is being achieved through either new technologies or improving workforce training. Moderator: Jim Willis, Editor, Natural Gas Intelligence Stuart Wittenbach, Director EH&S, Cimarex Kirk Schoppe, Water Resource Manager, Select Energy Services Keith White, Director EH&S, Chaparral Energy
10.40 a.m. - 11.00 a.m.	Coffee and Networking
11.00 a.m. - 11.20 a.m.	Market Update Presentation: The 21 st Century Industrial Revolution – A strategic analysis of current market trends and future outcomes for the industry. Greg Lorson, CEO, TEEMCO
11.20 a.m. - 12.00 p.m.	Panel Discussion: Assessing the impact of new wildlife endangerment regulations on production operations, specifically regarding the lesser prairie chicken. <ul style="list-style-type: none"> • Illustrating the potentially fundamental challenge posed to commercially viable operations by strict federal endangered species regulations. • Introducing the case study of the Lesser Prairie Chicken – what are the views of operators and environmental agencies? • Depicting a path of compromise allowing oil and gas companies to operate without having a fundamental impact on local wildlife affected by their activities. • Discussing ways in which environmental agencies and oil and gas companies can work together to reach mutually acceptable conclusions. Moderator: Jim Willis, Editor, Natural Gas Intelligence Allan Janus, Research Supervisor, Oklahoma Department of Wildlife Conservation Ken Collins, Biologist, U.S. Fish and Wildlife Service
12.00 p.m. -	Panel Discussion: Increasing production with fewer rigs and assessing the regulatory landscape for drilling in the Midcontinent.

OKLAHOMA CITY

· MIDCONTINENT · INDUSTRY SUMMIT

10.29.14

12.40 p.m.	<ul style="list-style-type: none"> • Discussing technical advances in drilling technologies that have also led to increased production efficiency. • Highlighting the key agencies such as the Oklahoma Corporation Commission that are shaping the drilling regulatory landscape, detailing the particular challenge of fluid use compliance. • Focusing on best practice to mitigate Health & Safety risks when drilling. • Assessing the cost benefits related to pad drilling as well as reduced environmental impact. <p>Moderator: Dexter Steis, Executive Publisher, Natural Gas Intelligence D. Steven Tipton, P.E., Completions Engineering Advisor, Newfield Exploration Juliana Tarazona, Geosteering Specialist, Halliburton</p>
12.40 p.m. - 1.40 p.m.	Lunch and Networking
1.40 p.m. – 2.00 p.m.	<p>Keynote Address: At the crossroads of Oil & Gas technology and regulation: Looking back to go forward.</p> <p>Dana Murphy, Commissioner, Oklahoma Corporation Commission</p>
2.00 p.m. – 2.40 p.m.	<p>Panel Discussion: Assessing the best methods for communication and turning the tide of public perception.</p> <ul style="list-style-type: none"> • Discussing the importance of grassroots communication through events such as town hall meetings. • Assessing the importance of social media channels such as twitter and facebook in connecting with the community and other stakeholders. • Employing effective crisis management strategy to ensure transparency and inform local communities of pertinent information. • Evaluating the importance of delivering a clear message to local communities about the tangible benefits of operation in their regions. • Considering the extent to which the E&Ps community attitude to CSR has changed in the past decade. <p>Moderator: Dexter Steis, Executive Publisher, Natural Gas Intelligence David Eberhardt, VP Human Resources, Chaparral Energy Robert Hatley, VP Communication & Strategic Outreach, Williams Chip Carter, Vice President of Corporate Communications & Business Development, Jones Public Relations</p>
2.40 p.m. - 3.20 p.m.	<p>Panel Discussion: Showcasing best practice in jobsite safety.</p> <ul style="list-style-type: none"> • Deliberating the significant emphasis placed on health & safety in the modern oil and gas industry and what it took to change old fashioned approaches. • Illustrating the importance of constructing and implementing a comprehensive health & safety training structure within a modern oil and gas company. • Coordinating relationships with external functions such as emergency first responders during extreme events. • Discussing whether the focus when considering health & safety is on technology and equipment, training or a combination of both. • Investigating the issue of safe frac sand handling onsite – how much do operators still need to do in order to ensure workforce safety? <p>Moderator: Carolyn Davis, Senior Editor, Natural Gas Intelligence Stuart Wittenbach, Director EH&S, Cimarex Energy Keith White, Director EH&S, Chapparral Energy Brett McWilliams, Field Technician, Total Safety</p>
3.20 p.m. – 3.35 p.m.	<p>Market Update Presentation: Emergency Preparedness in the Oil and Gas Sector</p> <p>Jillian Robles, Supervisor - Incident Management, Business Continuity Program, Devon Energy</p>
3.35 p.m. – 4.15 p.m.	<p>Panel Discussion: Unconventional Shale: Increasing reservoir contact and drainage efficiency in completions</p>

OKLAHOMA CITY

• MIDCONTINENT • INDUSTRY SUMMIT

10.29.14

- Comparing experiences of achieving effective and reliable completions in established and emerging plays.
- Assessing the challenge of managing variable clay content when attempting to establish and retain conductivity in wells.
- Highlighting the importance of thorough and effective characterization.
- Discussing the importance of selecting the most effective completion strategy based on the well's geophysical data to maximize drainage potential, increasing production with no added cost.

Moderator: Carolyn Davis, Senior Editor, Natural Gas Intelligence
Frank Zamora, VP Engineering, FTS International
D. Steven Tipton, P.E., Completions Engineering Advisor, Newfield Exploration
Don Unruh, Exploration Manager, Sullivan and Company

4.15 p.m. –
4.20 p.m.

Closing Remarks: Marc Bridgen, Chief Marketing Officer, Oil & Gas Awards

4.20 p.m. –
4.50 p.m.

Drinks Reception and Close of Summit
